

Engagement Report for Clinical Commissioning Policies

Unique Reference Number	A03X04
Policy Title	Cinacalcet for complex primary hyperparathyroidism
Accountable Commissioner	Debbie Hart
Clinical Reference Group	Specialised Endocrinology
Which stakeholders were contacted to be involved in policy development?	All CRG registered stakeholders Hypoparathyroidism UK
Identify the relevant Royal College or Professional Society to the policy and indicate how they have been involved	Representatives of relevant Royal College or Professional Societies were contacted for Stakeholder Testing as part of the CRG
Which stakeholders have actually been involved?	All stakeholders listed above were invited to comment
Explain reason if there is any difference from previous question	Not applicable
Identify any particular stakeholder organisations that may be key to the policy development that you have approached that have yet to be engaged. Indicate why?	CRG stakeholders have identified: The Association for Multiple Endocrine Neoplasia Disorder (AMEND) The Society for Endocrinology Bone and Mineral Network

FOR PUBLIC CONSULTATION ONLY

How have the stakeholders been involved? What engagement methods have been used?	The draft policy was circulated to the full membership of the CRG and registered stakeholders for one week for their views, both to establish whether any amendments to the policy are required, and to understand from their perspective what the key questions to ask at consultation might be.
What has happened or changed as a result of their input?	Nine responses were received that highlighted some key issues with the demographic data and target population proposed in the policy draft. The stakeholders also commented on the onerous MDT requirements stated within the patient pathway. In light of this feedback the policy working group decided to revise the demographic data and amend the patient pathway. Other minor amendments were widely accepted by the PWG as improvements to the policy.
How are stakeholders being kept informed of progress with policy development as a result of their input?	An engagement report, along with the updated policy proposition will be involved as part of the public consultation. Stakeholders will be notified and invited to comment further.
What level of wider public consultation is recommended by the CRG for the NPOC Board to agree as a result of stakeholder involvement?	Public consultation for a period of 30 days as supported by stakeholders.
