<p>Identify any particular stakeholder organisations that may be key to the policy development that you have approached that have yet to be engaged. Indicate why?</p>	<p>None</p>
<p>How have the stakeholders been involved? What engagement methods have been used?</p>	<p>The draft policy was circulated to the full membership of the CRG and registered stakeholders for one week for their views, both to establish whether any amendments to the policy are required, and to understand from their perspective what the key questions to ask at consultation might be.</p> <p>A total of two responses were received. One response was received from a CRG-registered stakeholder and one response received from a CRG member. The CRG-registered stakeholder, an University Hospital and NHS Trust, did not request any changes to the policy proposition or evidence review. The CRG member, from Dermatology, requested more robust outcomes in the audit requirements.</p>
<p>What has happened or changed as a result of their input?</p>	<p>Stakeholders were invited to comment. Minor updates were made to the policy proposition to define the outcomes listed in the audit requirements. No updates were made to the evidence review.</p>
<p>How are stakeholders being kept informed of progress with policy development as a result of their input?</p>	<p>This engagement report, along with the updated policy proposition will be circulated as part of the public consultation. Stakeholders will be notified and invited to comment further</p>
