

Lung Cancer Screening Data Set (LCSDS) Version 1.0 Public Consultation Questionnaire for Patients: Summary report

This report was created on Thursday 02 October 2025 at 09:13 and includes 5 responses.

The activity ran from 29/08/2025 to 29/09/2025.

Contents

Question 1: Please explain why you have an interest in this data set?	2
Q6: other	2
Question 2: Please provide your email address:	2
Q7	2
Question 3: Do you consider it appropriate that we capture the following information about you in the proposed new Lung Cancer Screening Data Set? Please include further information in relation to each question below:	2
Please provide further information below: - Smoking Status	2
Please provide further information below: - Date of Birth	2
Please provide further information below: - Gender	3
Please provide further information below: - Ethnic Category	3
Please provide further information below: - Religion	3
Please provide further information below: - Postcode	4
Please provide further information below: - Preferred Language	4
Please provide further information below: - Sexual Orientation (As described by the patient)	4
Please provide further information below: - Prisoner Indicator (This tells us if a person is currently a prisoner. This is important for us to know to be able to assess the needs of prisoners and ensure services are appropriately commissioned to meet these needs)	5
If you have answered 'No' or 'Not Sure', please provide as much information as possible below:	5
Question 4: We would like the ability to capture different types of screening information. This could be things like, the attendance of, the referral to, or the results of CT scans. With this in mind, do you consider it proportionate for us to capture the following information in the proposed new Lung Cancer Screening Data Set:	5
Please provide further information below: - Details on invitations to CT scans?	5
Please provide further information below: - Details on attendance to CT scans?	5
Please provide further information below: - Details on referrals to other screening rounds?	6
Please provide further information below: - Details on diagnosis following a CT scan or round of screening?	6
If you have answered 'No' or 'Not Sure', please provide as much information as possible below:	6
Question 5: We are hoping that the Lung Cancer Screening Data Set will go live next year. Please take this opportunity to tell us what kind of information you would like to see within it. For example, is there any other information that we haven't already proposed, that you would like to see collected?	6
Please provide further details below:	6
Question 6: We are proposing to start collecting data from July 2026. Is there any information or resource materials which you would like NHS England to provide beforehand? This could be in the form of patient information leaflets, additional guidance on our webpages etc?	6
Q25: Comments	6
Question 7: The data will be used to support the following activities. Please look at the following questions and give an indication of your support.	7
Please provide further information below: - 1. Improving the Lung Cancer Screening programme, including national rollout.	7
Please provide further information below: - 2. Understanding the population accessing the screening services.	7
Please provide further information below: - 3. Understanding what care and services patients need.	8
Please provide further information below: - 4. Predicting what screening services may be needed in the future, so funding and resources can be put into place.	8
Please provide further information below: - 5. Understanding the outcomes of patient care to make sure patients are being cared for safely and effectively.	9
Please provide any further details below:	9
Question 8: National Data Opt-Outs will be applied to this data, are you aware of the National Data Opt-Out service? This service enables people to view or change their choice about whether confidential patient information can be used for research and planning. More information can be found online (All links can be found in the 'Related Content' section): National Data Opt-Out - NHS England Digital Understanding the national data opt-out - NHS England Digital	9
Please provide further information below:	9
Question 9: Have you already been through the Lung Cancer Screening Programme?	10

Please provide further information below:	10
Question 10: Do you consider the introduction of the Lung Cancer Screening Data Set to be beneficial? If so, please provide additional details?	10
Please provide further information below:	10
Question 11: Would you be interested in attending the next Expert Reference Group (ERG) session?	10
Please provide further information below:	10
If yes or maybe, please ensure that you have provided your contact details, we are happy to provide further information beforehand if required.	10
Question 12: Please take this opportunity to raise any further issues or questions you have with this proposed new data set.	10
Please use this to add any further questions:	10
Question 13: Are there any tools or resources NHS England can provide for further information or help?	11
Please provide further information below:	11

Question 1: Please explain why you have an interest in this data set?

Q6: other

There were 5 responses to this part of the question.

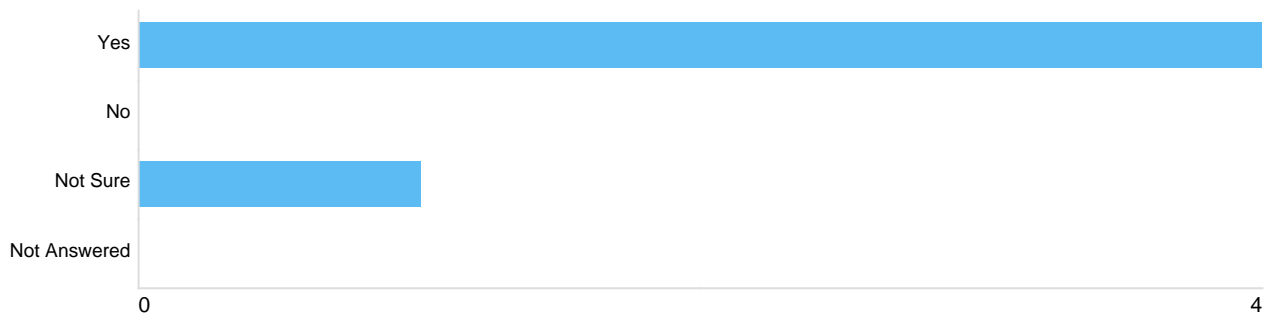

Question 2: Please provide your email address:

Q7

There were 5 responses to this part of the question.

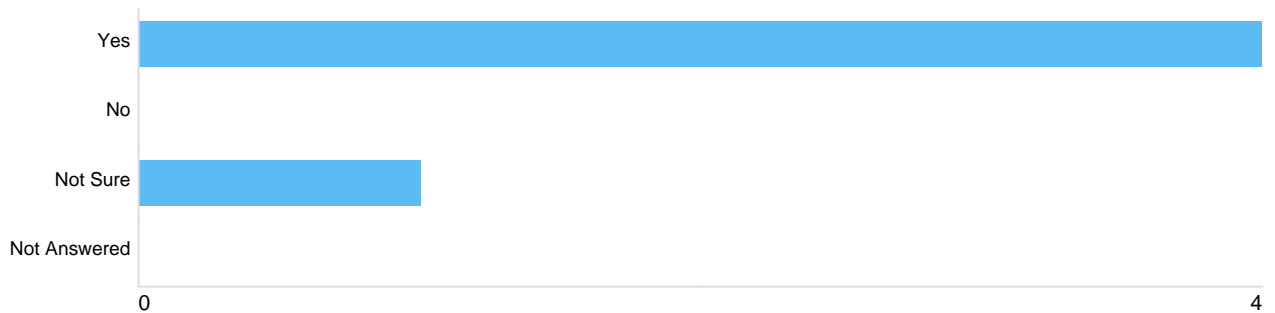

Question 3: Do you consider it appropriate that we capture the following information about you in the proposed new Lung Cancer Screening Data Set? Please include further information in relation to each question below:

Please provide further information below: - Smoking Status

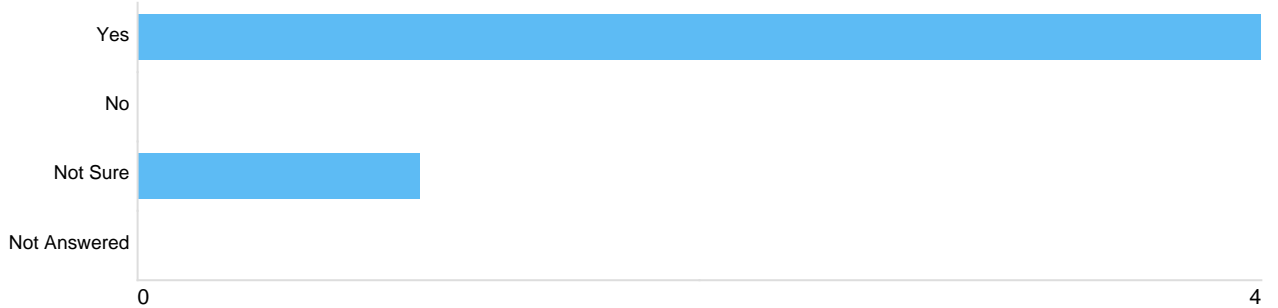

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Date of Birth

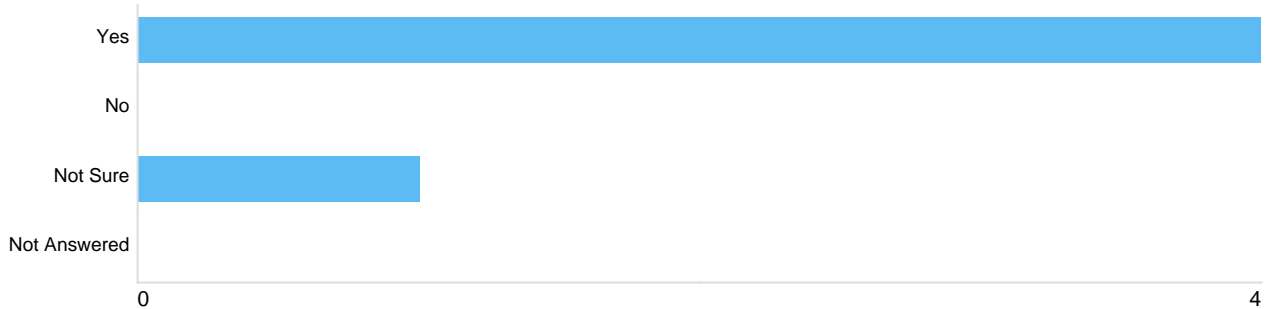

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Gender

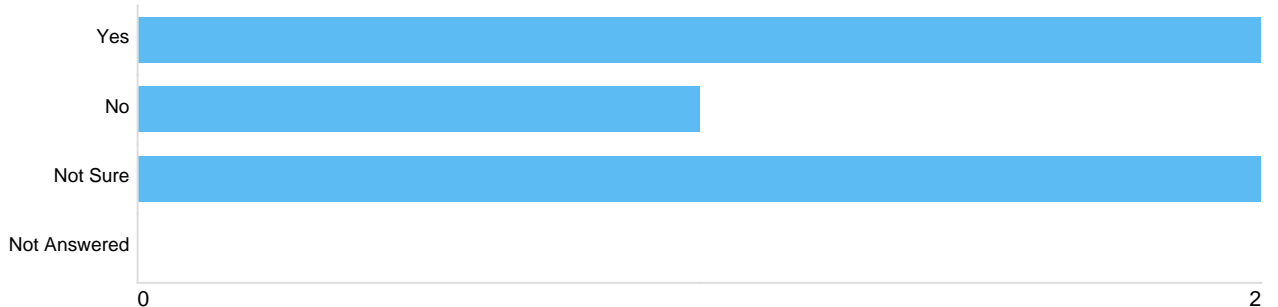

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Ethnic Category

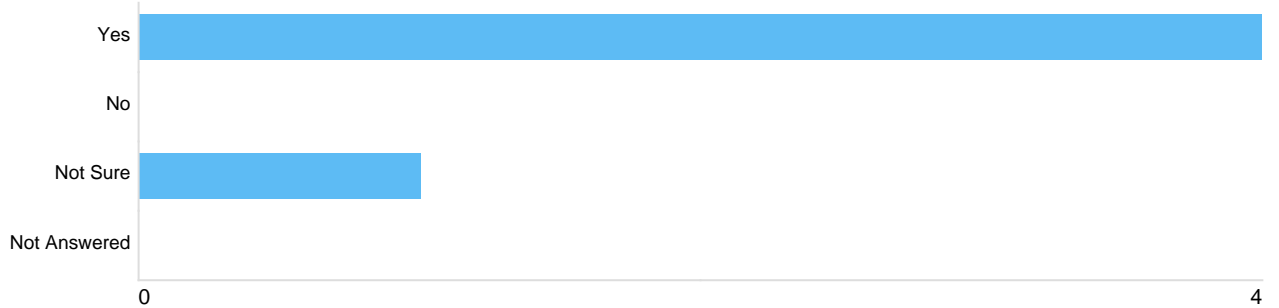

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Religion

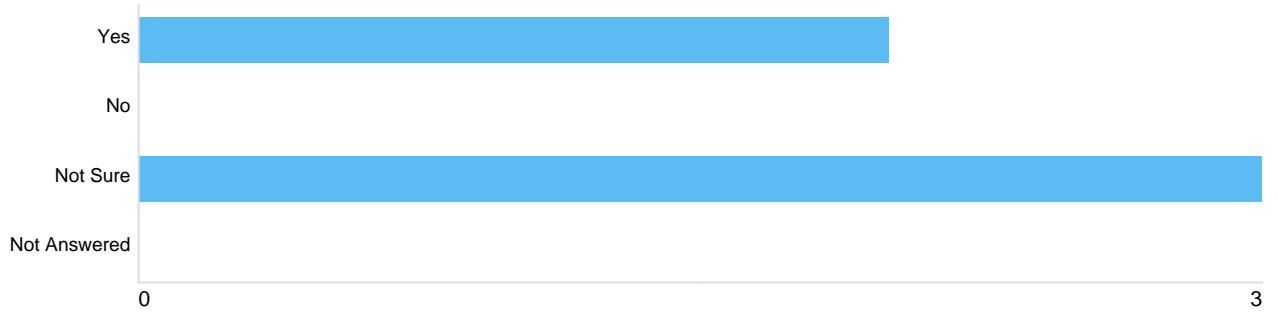

Option	Total	Percent
Yes	2	40.00%
No	1	20.00%
Not Sure	2	40.00%
Not Answered	0	0.00%

Please provide further information below: - Postcode

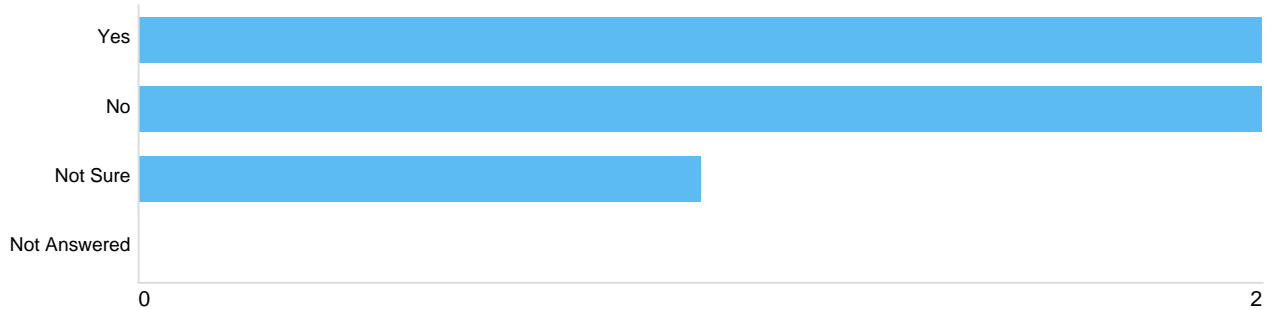

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Preferred Language

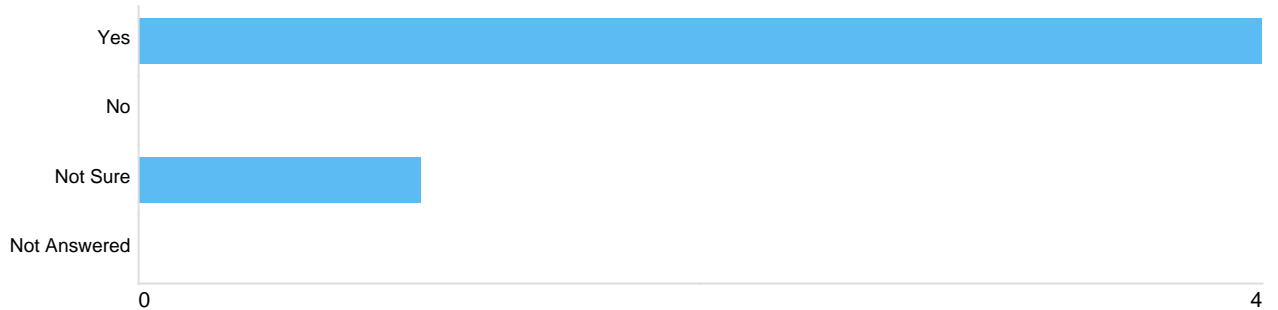

Option	Total	Percent
Yes	2	40.00%
No	0	0.00%
Not Sure	3	60.00%
Not Answered	0	0.00%

Please provide further information below: - Sexual Orientation (As described by the patient)

Option	Total	Percent
Yes	2	40.00%
No	2	40.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Prisoner Indicator (This tells us if a person is currently a prisoner. This is important for us to know to be able to assess the needs of prisoners and ensure services are appropriately commissioned to meet these needs)

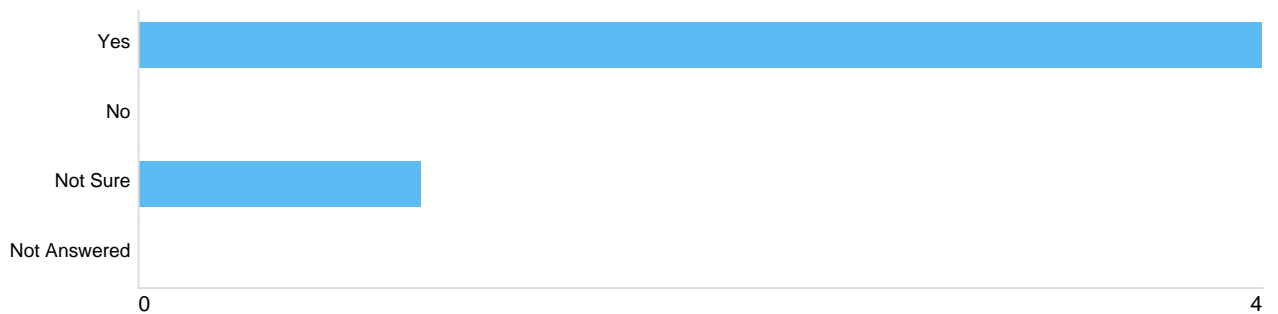

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

If you have answered 'No' or 'Not Sure', please provide as much information as possible below:

There were 5 responses to this part of the question.

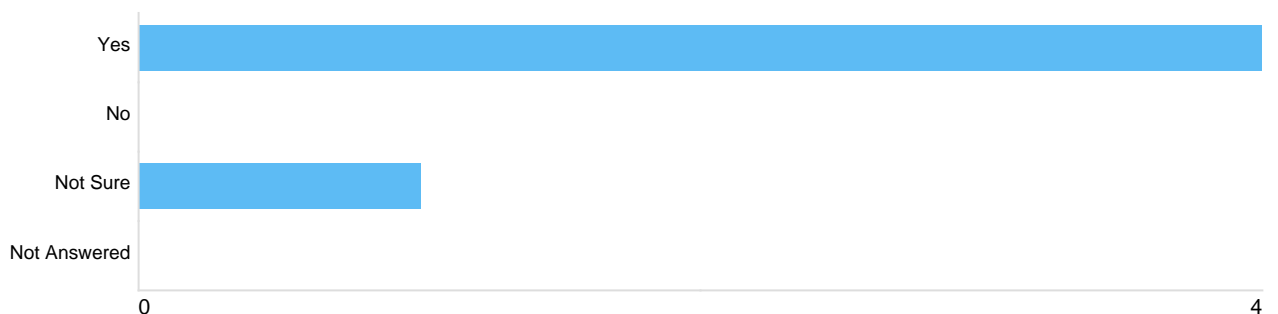

Question 4: We would like the ability to capture different types of screening information. This could be things like, the attendance of, the referral to, or the results of CT scans. With this in mind, do you consider it proportionate for us to capture the following information in the proposed new Lung Cancer Screening Data Set:

Please provide further information below: - Details on invitations to CT scans?

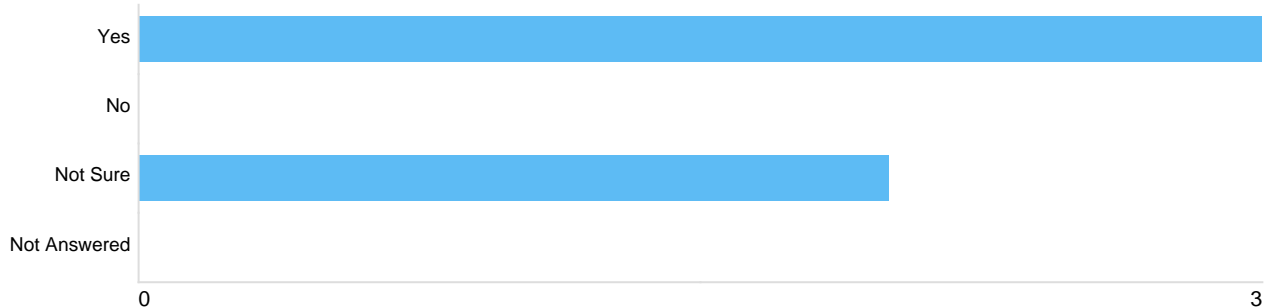

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Details on attendance to CT scans?

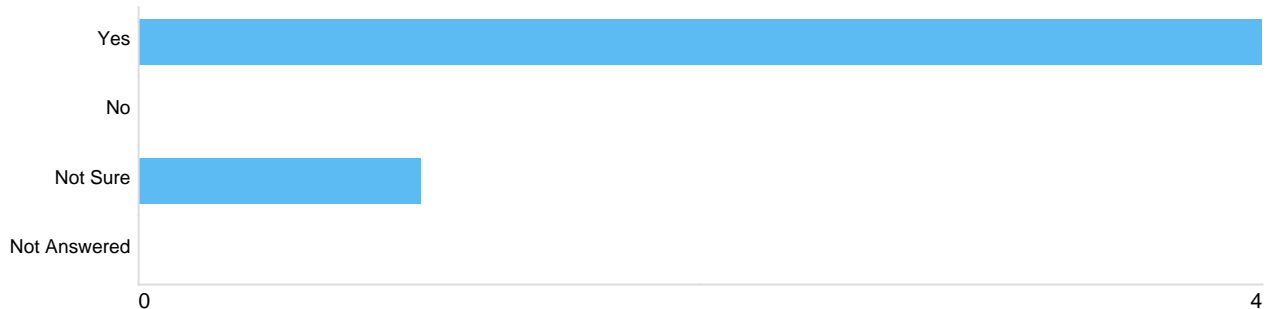

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - Details on referrals to other screening rounds?

Option	Total	Percent
Yes	3	60.00%
No	0	0.00%
Not Sure	2	40.00%
Not Answered	0	0.00%

Please provide further information below: - Details on diagnosis following a CT scan or round of screening?

Option	Total	Percent
Yes	4	80.00%
No	0	0.00%
Not Sure	1	20.00%
Not Answered	0	0.00%

If you have answered 'No' or 'Not Sure', please provide as much information as possible below:

There were 5 responses to this part of the question.

Question 5: We are hoping that the Lung Cancer Screening Data Set will go live next year. Please take this opportunity to tell us what kind of information you would like to see within it. For example, is there any other information that we haven't already proposed, that you would like to see collected?

Please provide further details below:

There were 5 responses to this part of the question.

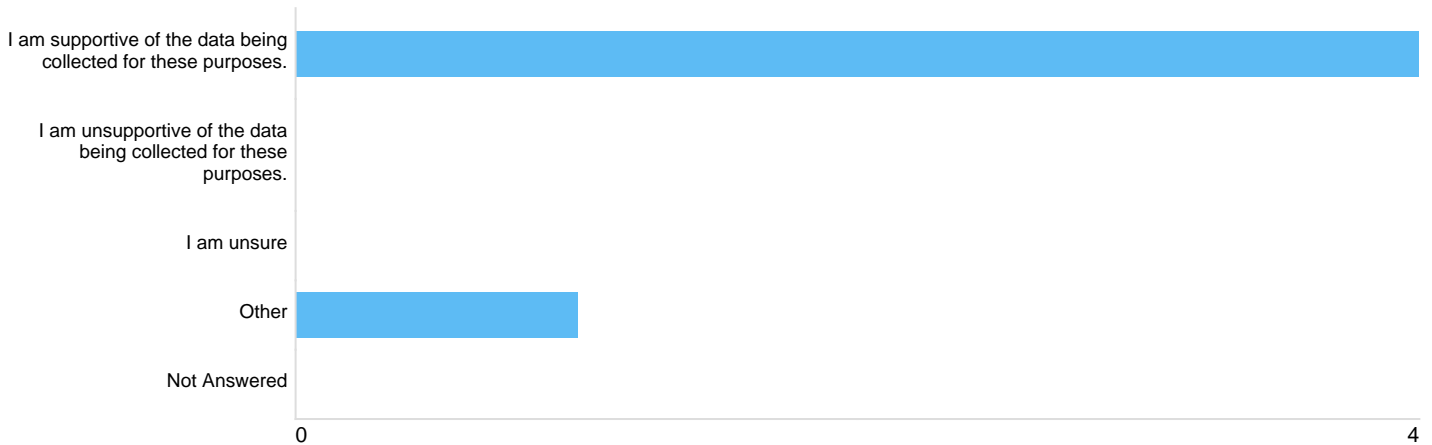

Question 6: We are proposing to start collecting data from July 2026. Is there any information or resource materials which you would like NHS England to provide beforehand? This could be in the form of patient information leaflets, additional guidance on our webpages etc?

Q25: Comments

There were 5 responses to this part of the question.

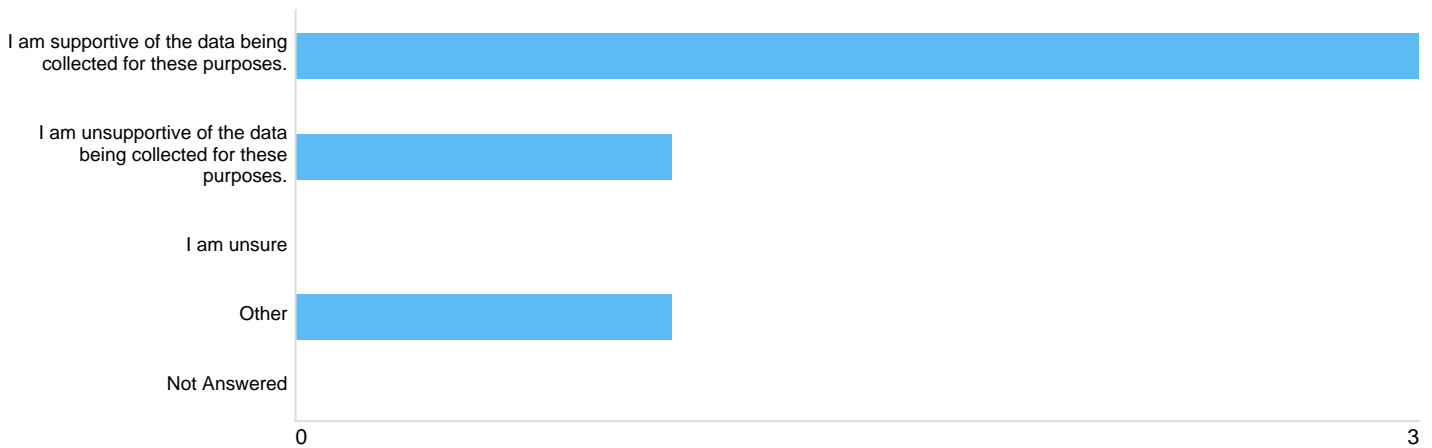

Question 7: The data will be used to support the following activities. Please look at the following questions and give an indication of your support.

Please provide further information below: - 1. Improving the Lung Cancer Screening programme, including national rollout.

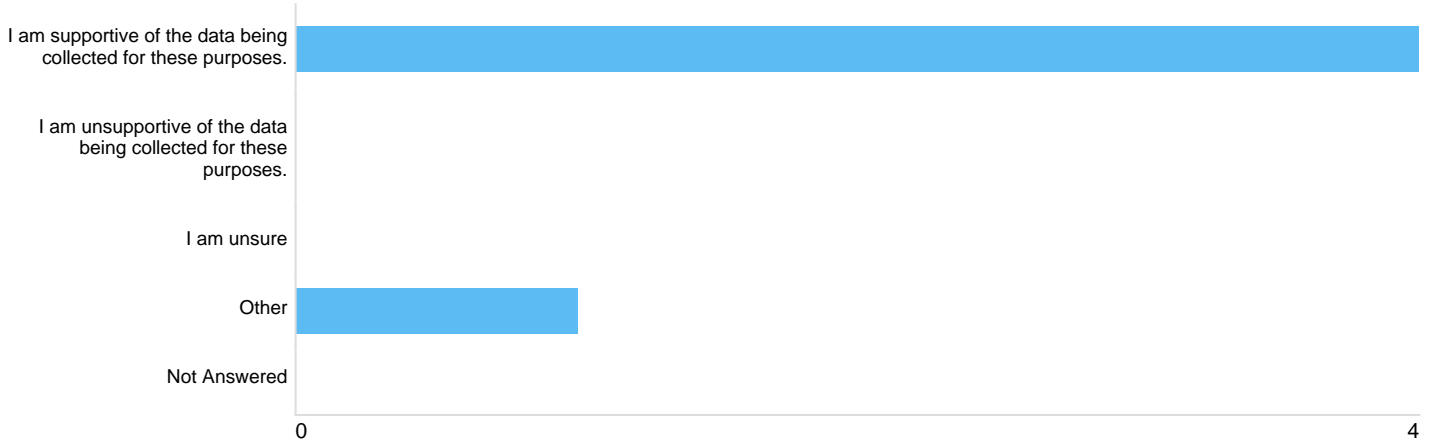

Option	Total	Percent
I am supportive of the data being collected for these purposes.	4	80.00%
I am unsupportive of the data being collected for these purposes.	0	0.00%
I am unsure	0	0.00%
Other	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - 2. Understanding the population accessing the screening services.

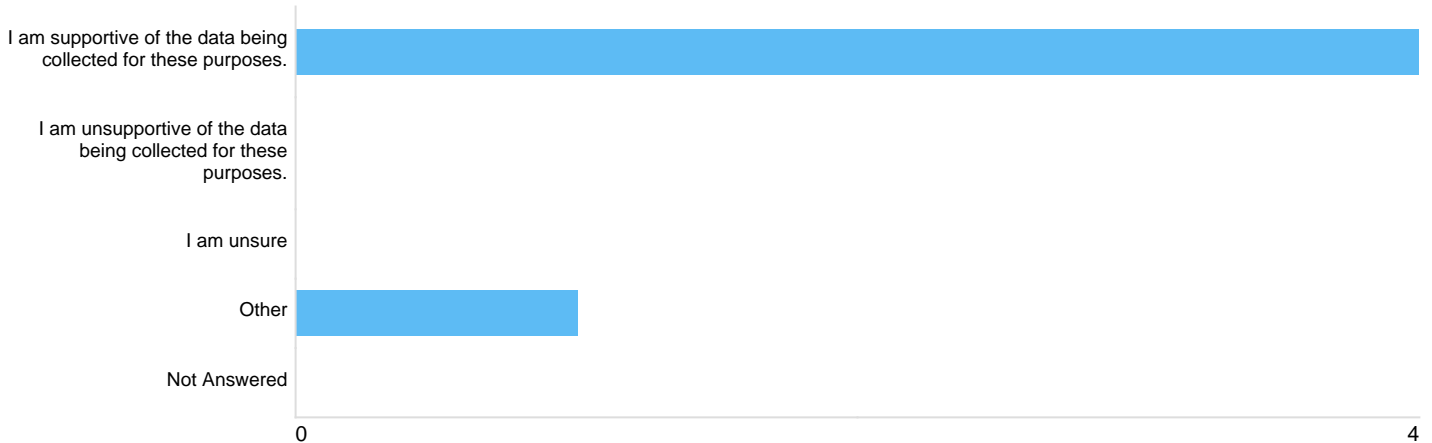

Option	Total	Percent
I am supportive of the data being collected for these purposes.	3	60.00%
I am unsupportive of the data being collected for these purposes.	1	20.00%
I am unsure	0	0.00%
Other	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - 3. Understanding what care and services patients need.

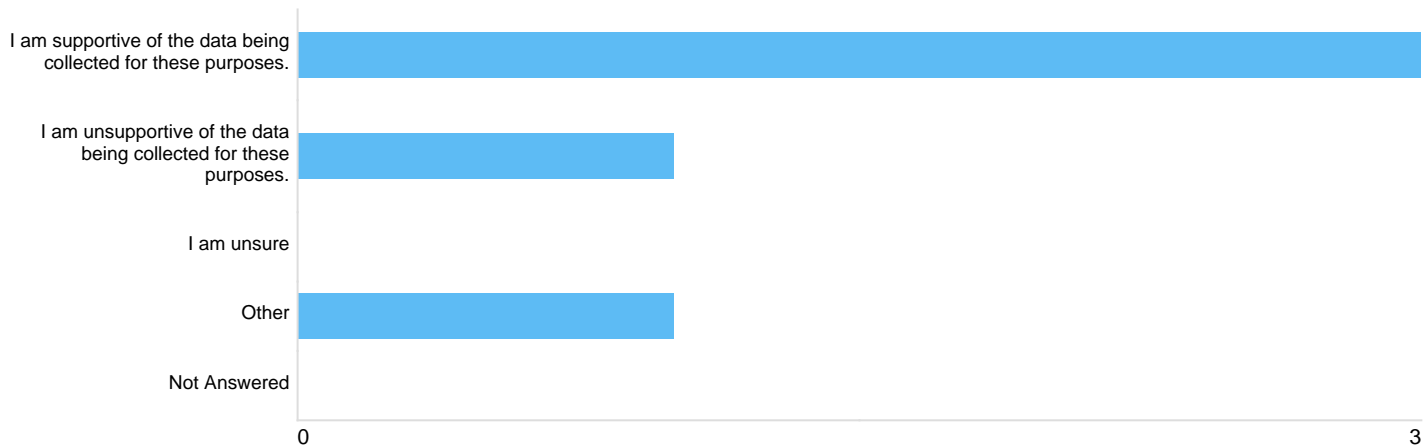

Option	Total	Percent
I am supportive of the data being collected for these purposes.	4	80.00%
I am unsupportive of the data being collected for these purposes.	0	0.00%
I am unsure	0	0.00%
Other	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - 4. Predicting what screening services may be needed in the future, so funding and resources can be put into place.

Option	Total	Percent
I am supportive of the data being collected for these purposes.	4	80.00%
I am unsupportive of the data being collected for these purposes.	0	0.00%
I am unsure	0	0.00%
Other	1	20.00%
Not Answered	0	0.00%

Please provide further information below: - 5. Understanding the outcomes of patient care to make sure patients are being cared for safely and effectively.

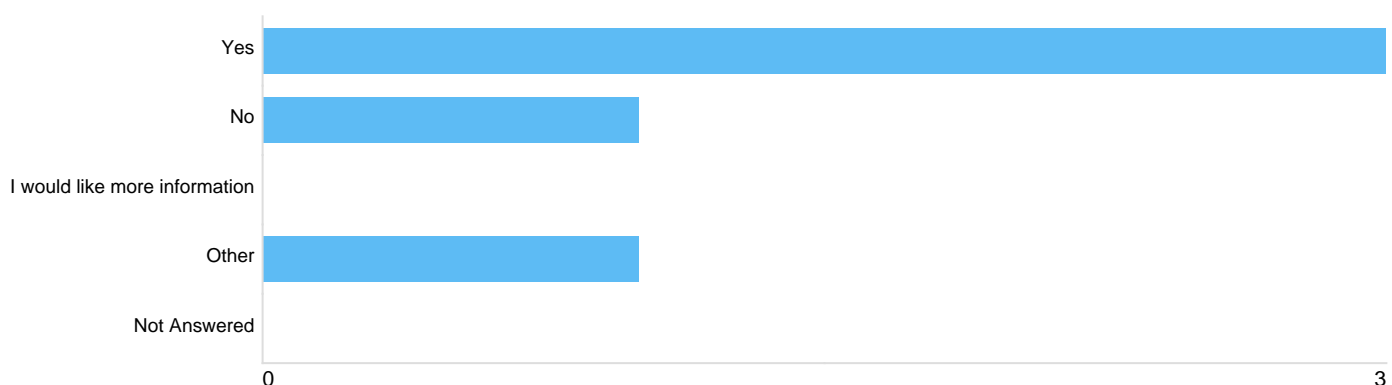

Option	Total	Percent
I am supportive of the data being collected for these purposes.	3	60.00%
